

Face

Floor screen

Design — Iiro Viljanen

Interconnecting Face floor screens act as space dividers in offices and schools. The acoustic properties muffle the soundscape making the space pleasant and calm. The inner material is recycled and allergy-tested polyester fibre. Three pedestal models.

MATERIAL DESCRIPTION:

Floor screens: fully upholstered

Upholstery fabrics: Cara, Cura Screen, Floyd Screen, Remix Screen or Soul Melange

The hoods are not machine washable - follow the cleaning instructions for fabrics.
