

# White smooth surface

MP11

---

Martela has a wide range of metal colours for different needs. For furniture requiring durability we recommend chrome as it does not scratch easily. For painted surfaces we offer black, grey or white semi-gloss finishes for optimal use. The metal parts of the chairs in the Ella series are also available in black, white, red, green, brown and greige structured surface. There are also 24 inspiring RAL colours to choose from for many products.
