

Grip

School table

Design — Mikko Halonen

There are two different versions of the Grip school desk: two rectangular versions for one or two students. Grip tables are sturdy, light to handle and easy to stack. The tables can be connected to each other and the design of the stand allows for row connection.

MATERIAL DESCRIPTION:

Table top: white, birch pattern, grey laminate
Conforming with E0,5 requirements

Base: grey, white, black or Inspiring Colours
